

Second Nordic Grid Neighbourhood Workshop,

Tallinn, January 20, 2005

F. Ould-Saada, Oslo University

Nordic Grid Neighbourhood

NGN

DENMARK:

University of Copenhagen (NBI, DIKU)
Southern Danish University, Dep. of Computer Science
Aalborg University, Dep. of Computer Science

ESTONIA:

National Institute of Chemical Physics and Biophysics (NICPB)
Estonian Educational and Research Network (EENet)
Tartu University, Institute of Technology

FINLAND:

University of Helsinki, Helsinki Institute of Physics

LITHUANIA:

Vilnius University, Institute of Materials Science and Applied Research

NORWAY:

University of Oslo, Physics institute
University of Bergen, Department of Physics
University of Tromsø, Department of Computer Science
NTNU, Trondheim, Department of Computer and Information Science
NTNU, Trondheim, IT division (ITEA)

RUSSIA:

St. Petersburg State University, Dep. of Physics
Petrodvorets Telecommunication Center

Dubna?

SWEDEN:

Lund University, Department of Physics
Linköping University, National Supercomputer Center
Umeå University, Department of Computing Science and HPC2N
Uppsala University, Department of Radiation Sciences
Royal Institute of Technology, NADA/PDC, KTH
Stockholm University and KTH, Department of Physics

LATVIA?

ICELAND?

... 9 countries, 24 institutions?

I still doubt that 280 kNok is the only attraction!

Requested from Nordplus Neighbour:

Any other means?

- *Cost of a seminar (10 persons):*

Travel: 25 k NOK + Lodging: 20 k NOK + Board: 4 750 NOK

Total 4 seminars : **199 000 NOK**

- *Cost of the conference (20 persons):*

Travel: 50 kNOK + Lodging: 40 k NOK + Board: 8 000 NOK

Total conference: **98 000 NOK**

- *Other expenses:*

Phone conferences, dissemination: **3 000 NOK**

- **Amount requested: 300 000 NOK**

Co-funding 2004/2005:	Own means 2004/2005:
NOK ????? any idea?	NOK 200 000
Total cost for year 2004/2005:	
NOK 500 000 (amount requested + co-funding + own means)	

Don't forget to fill in form

+send bills +

Bank account info:

IBAN+SWIFT+Acc. nber

• To obtain continued support for NGN project, it is a prerequisite that a report is submitted (along with all relevant attachments) in time and approved, i.e. that it demonstrates the progress and usefulness of the project.

by 1 September 2005

- *To insure* receiving the last 20 % of the grant awarded.
- **We also have to apply for next year – Deadline February 1st 2005!**

See draft for more details: www.fys.uio.no/~farido/NGN/NGN-AppForm2005.doc

- **Iceland (?), Latvia(OK) and Dubna(?) are interested to join -> send documents asap!**
- **Propose meeting places for next year! 3 workshops and Conference.**
- **Write one page Progress Report**

Nordic Grid Neighbourhood

Budget: 280 kNoK per year (during 3 years?)

Year 1 ok

4 seminars (2 days):

- Sweden (NSC Linköping), October 20, 2004
- Estonia (Tallinn), January 20, 2005
- Lithuania (Vilnius), March ~20?, 2005
- St.Petersburg, May 17-22 2005

1 conference (Oslo), August 25-27 or 18-20 2005

From Grigori

I would like to ask you to announce at the workshop the confirmation of the 4th NGN workshop in St.Petersburg in May 19-22 and to send me a preliminary number of people interested to come to the 4th NGN Workshop:

To Farid Ould-Saada and to NGN-contacts:

St.Petersburg State University is confirming its preliminary plan for the 4th NGN Workshop (preliminary:

devoted to the Medical Imaging Library) during the 19-22 of May 2005:

- **May 19th (Thursday) - arrival,**
- **May 20th (Friday): 1st full day (workshop+tutorial)**
- **May 21th (Saturday) -**
 - **1/2 day for NGN steering meeting (?)**
 - **+ a short tour around St.Petersburg**
- **May 22th (Sunday) - departure**

(I cannot start any negotiations with the hotel without the information on the number of people. So far no one from NGN-contacts has replied on my request. Please, stress this to the people, that St.Petersburg is crowded in tourist season, and that we have to book preliminary).

Minutes from the first NGN meeting:

<http://www.nicpb.ee/NordicGrid/Meetings/Linkoping2004Minutes>

Next meetings

The next meetings: two days, the first day for the technical discussions and the second day for the tutorials

The next meeting in January in Tallinn or Vilnius.

Next year: 3 seminars/workshops and 1 conference: Linköping, Tallinn, Vilnius, St. Peterburg and Oslo

NorduGrid & other

The roadmap of the NorduGrid to the web

Tutorials

- Distance learning and tutorials for the users: some facilities for the tutorials ("test Grid"), the preparation of the demos
- Complications to run the demos: certificates, proxy, security, etc
- "Tutorial group of the NGN", coordinated by Arto Teräs
- Jacko Koster, applications
- VO of the NGN demo (Anders)
- Demo portal

Goals for the next workshop

VOs, user management

Current development of the NorduGrid

First demo of the NGN

Homework

Make clear plans connected to the NGN and the next meeting

Demos for the next meeting: quantum chemistry, particle physics

Did we meet our goals?

Have a successful workshop!

Thanks to the organisers of
this second meeting.
